

# COVID VACCINE CENTRE

Secure the Rollout, Protect the Future

# WELCOME

With the COVID19 vaccine set to be rolled out from next month, it is vital that the security of the vaccine centres is maintained, around the clock, by professional experts.

All In Black can provide the bespoke security solutions that you require. Whether it is guarding, protests and crowd management, protecting assets, patrolling buildings around the clock or providing security for moving, we have you covered.

As an accredited security solutions provider with over 20 year's experience at the highest level across the UK, we stand ready to support the national effort to roll out the vaccine and defeat COVID19.

# ABOUT US

All In Black Ltd is a specialist security company that works across the UK.

With more than 20 years of experience at the highest level, we pride ourselves on our ability to maintain safety and security in a range of environments.

Our experience shows us that no security situation is ever the same, no clients' needs are ever the same and no working day is ever the same for our professionals, which is why we offer tailored solutions to your security needs.

That flexibility is central to our success. Our commitment to evolving in an ever-changing world, ensures that our entire workforce is constantly trained to meet the demands we face and deliver our services for our clients to the highest standard.

All In Black is led by a team of professionals from the security, recruitment and training arms of professional security. They combined experience from Civilian, Police and Military backgrounds, which gives All In Black the insights and expertise to advise our clients on the right security requirements for their needs.

# WHAT WE CAN HELP WITH

## Guarding

All in Black tailor to the needs of each client. Our uniformed teams of security officers carry out a range of complementary duties, from safeguarding business premises to customer service on reception. All in Black security use an internal incident management and reporting software, this ensures optimal efficiency and compliance across a single or multi-site environment.

### Our manned guarding services include:

- Manned security services
- Access and egress control
- Ticket/Pass control
- Customer services (meet and greet)
- Reception and concierge
- CCTV Monitoring
- Tactical fire first response
- Back office Staff

## Covid19

Throughout the pandemic, All In Black has continued to work with our clients across a range of different sectors to ensure that COVID19 rules and regulations are enforced and security maintained.

This has included managing the arrival and exit of staff and players to the MK Arena and around the large complex. Consequently, we have worked on implementing multiple entrances and exit points, creating zones around the arena to restrict movement of staff and players and implementing temperature checkpoints on arrival.

This complex and challenging operation requires detailed planning and implementation as well as managing and securing highly valuable assets against invisible threats.

### Here are some examples of our work:

#### Berkley Homes Group

We provide security operatives across sites in South London. Our job is to ensure all contractors adhere to the high standards the Berkeley Homes Group have set workers around COVID19.

From social distancing, to hand washing, regularly sanitising and taking staff temperature checks on arrival, All In Black is providing frontline security to the workforce in a COVID19-secure fashion.

#### Barclays Bank

With more than 30 Barclays Bank branches across central London, we manage the daily demands of customers entering and exiting the banks.

During COVID19, we have been managing the capacity of patrons within the bank at any one time, enforcing social distancing measures and ensuring the overall safety of the building is not compromised.

We manage any crowds gathering outside the bank due to the limited capacity within the building during the pandemic.

#### MK Arena - MKL Ice Hockey Streaming Games

As the MKL Ice Hockey streaming services began behind closed doors, we were asked to manage the COVID19 safety and security of the ice hockey team at the MK Arena.

## Door Supervisors and Event

Door Supervisors are the first people that customers and guests will see upon entering a venue. That is why it is crucial that they represent your organisation well.

Our services that are pertinent to the COVID vaccine centres, include:

- Crowd safety and management
- Crowd modelling
- Operational support and planning
- First aid, fire & safety officers

Door Supervisors ensure that the proceedings of an event go well, minimising conflict and dealing with any potential threats to the safety of people present. They can also be utilised for:

- Maintaining entrance/exit search policies
- Ensuring licensing laws are adhered to
- Assisting people either physically or by offering information

All In Black provide fully licensed door supervisors to a range of venues with varying crowd and people management needs, such as:

- Hotels
- Corporate Functions
- Cinemas & Theatres
- Museum
- Private Members' Clubs
- Sports Facilities & Gymnasiums
- Auction Houses
- Nightclubs
- Public Houses
- Restaurants & Bars
- Private Events
- Award Ceremonies

## Patrol, Surveillance & Covert Work

We understand that COVID is a sensitive issue, and the logistical roll out of the vaccine will need to be carefully managed. That is why we are also offering our surveillance and covert work services, to assist you in preparation for the vaccine roll out.

All surveillance assignments are carried out with the utmost discretion and confidentiality. Allied to our work here is our ability to support with the security of moving assets to and from various locations.

## Membership & Accreditations

We are proud to be a member of a number of industry-leading accreditation and standards.

- SIA
- Safecontractor Approval
- COVID Secure Workforce

The quality policy of All In Black Group is to work to the recognised standards of bs7858 in accordance with all vetting procedures.
